

SUREURO Information System

Roel Lanting
TNO Bouw, The Netherlands

Why an Information System?

- To structure all the results achieved in the project
- To bring the results to the Sureuro partners
- To have a platform for dissemination and commercialisation

General message form housing companies

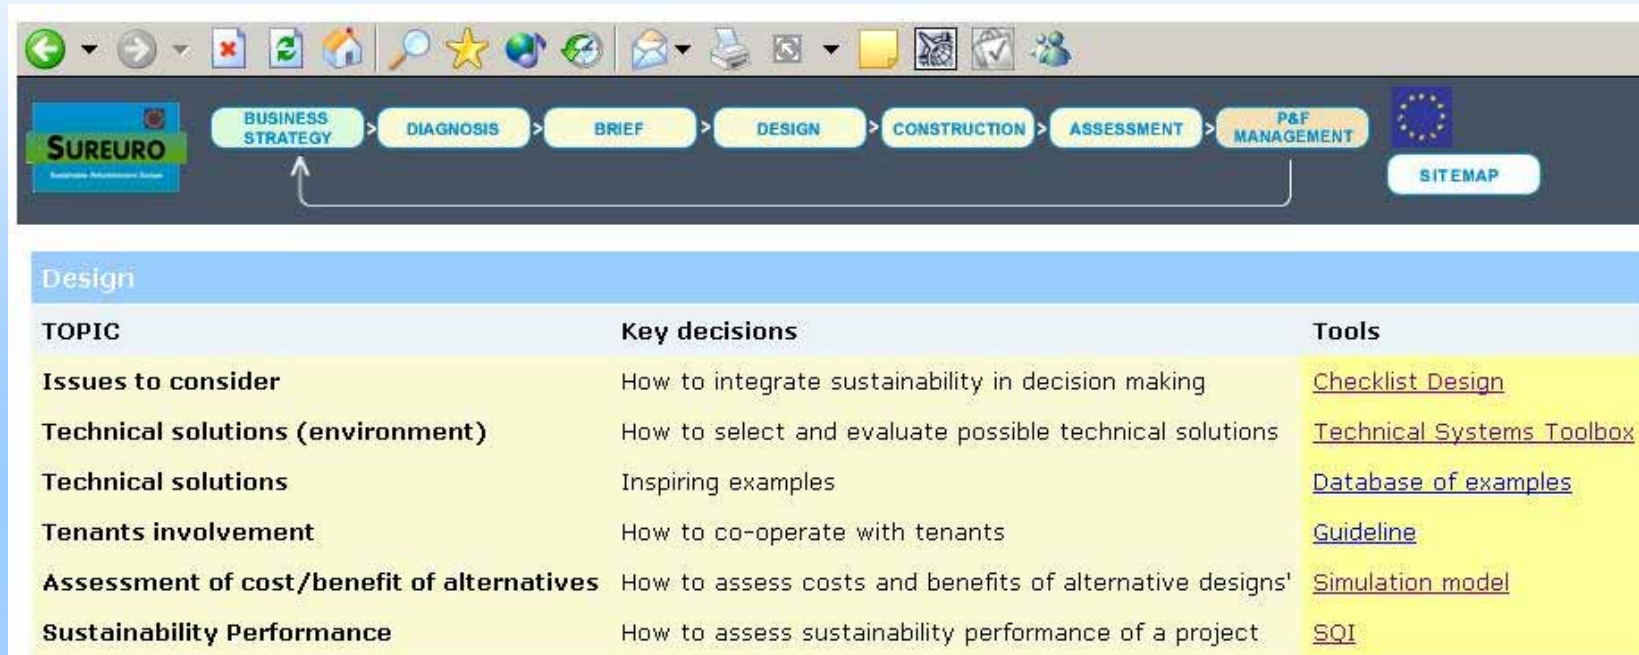

- Keep is simple
- Make it fit for use in daily practice
- Relate to decision making process

Sureuro tools and resources

- 9 Manuals/Guidelines
- 6 Checklists with examples and tools
- 1 Technical Systems Toolbox
- 3 Assessment models
- 1 Database

Preview

Topics, Decisions & Tools

The screenshot shows the SUREURO web application interface. At the top, there is a navigation menu with the following items: BUSINESS STRATEGY, DIAGNOSIS, BRIEF, DESIGN, CONSTRUCTION, ASSESSMENT, P&F MANAGEMENT, and SITEMAP. The 'DESIGN' item is currently selected and highlighted in yellow. Below the navigation menu, there is a table titled 'Design' with three columns: TOPIC, Key decisions, and Tools.

TOPIC	Key decisions	Tools
Issues to consider	How to integrate sustainability in decision making	Checklist Design
Technical solutions (environment)	How to select and evaluate possible technical solutions	Technical Systems Toolbox
Technical solutions	Inspiring examples	Database of examples
Tenants involvement	How to co-operate with tenants	Guideline
Assessment of cost/benefit of alternatives	How to assess costs and benefits of alternative designs'	Simulation model
Sustainability Performance	How to assess sustainability performance of a project	SQI
